PET & PERFORMANCE REGISTRY OF AUSTRALIA

The Donkey All Breeds Society of Australia Inc. have established a Pet & Performance registry recognizing the mule and donkey as a modern “performance” animal as well as a pet and companion animal. Both aims are seen as positive promotion for donkeys to the public. This register offers encouragement and recognition to breeders’ aims of breeding for temperament and performance ability. It is open to all mules and donkeys who wish to enter designated performance or companion award events, or who are either not intended for breeding, or do not meet the criteria of the other breed or height registries, and to allow points to be awarded to the donkey/mule and /or sire dam of such donkey in any future Pet and Performance awards program.

To register a Pet & Performance Donkey in the All Breeds Society of Australia Inc.
You must be a member of the Donkey All Breeds Society of Australia Inc.
